Congratulation

Ms. Baily has moved classrooms from our Early Preschool to our Preschool program. She has also been promoted to our Health and Safety Coordinator.

Consistency and Quality of care

After reviewing each classroom's dynamic, we have made changes to our age group separation. The Waddler classroom is now 12 months to 2 ½ Years old. Our early preschool is 2 ½ -3 years. This will help with the learning development of these age groups and preparing them for their next milestone moments.
